### MILLWORK DETAILS

### DECOR

### FLOORING

*I can't wait to host guests, and show off with my newly designed kitchen. Raremoon excels at delivering professional service at a reasonable price! NICOLE*

### CUSTOM KITCHEN DESIGN

### CURTAINING

### ELECTRICAL LAYOUT

### WHAT WE DO

Our experienced team of designers and carpenters specializing in a wide range of kitchen, bathroom, study and bedroom cabinetry and cupboards.

We specialize in Impact Melamine, Wrapped Super wood, Semi-Solid Wood, Solid Wood and Super wood Paint Techniques.

We offer the very latest and innovative technology for your dream kitchen. We manufacture the kitchens ourselves and do the installations using only the highest quality materials, and we are committed to our after-care service to guarantee client satisfaction.

### LOVE YOUR LIVING SPACE

Your kitchen deserves a well thought out design.

The kitchen is the room where we interact the most with our family and friends.

It must allow for: food prep, storage, waste management, cooking, cleaning, entertainment and comfortable seating.

A well thought out kitchen design, customized to your needs will make all the difference in how you interact and enjoy the heart of your home.

### CONTEMPORARY KITCHENS

Building Inspiring Kitchens  
We deliver contemporary kitchens which are modern in design. The characteristics of this kind of kitchen include a minimalist design and a lack of clutter. Materials are often stainless steel, laminate, melamine, frosted glass inserts, concrete, linoleum, chrome and duco.

### MODERN KITCHENS

Tomorrow's Kitchens Today  
Modern kitchens are usually high gloss and minimalist in design and functionality. White or bright colours are usually indicative of this style of kitchen and top of the range ultra-modern appliances are utilised.

### COUNTRY KITCHENS

Complete Country Style  
Country kitchens are warm and welcoming, with light and traditional colours. Paint effects on the cupboard doors are effective in creating the desired theme. Woven baskets can also be utilised in this kind of kitchen as well as decorative shelving and moulding. French Country, English Country, Tuscan Country, Cottage, and Farmhouse are country styles which are popular amongst our clients.

### CLASSIC KITCHEN

Building Classic Kitchens  
Classic kitchens are timeless yet fresh. They often feature neutral colour palettes and simple, unfussy details. Yes, a classic kitchen can be deemed too safe for the individualist but for us it is like jeans and a white T-shirt: Add a beaded necklace, a black blazer, and heels or tennis shoes and you can make the look your own! AND so can the next homeowner if you're thinking about resale value.

*“Melissa was engaged in the process from day one and created an excellent design plan that transformed my Kitchen into the centerpiece of my home. She was also easy to work with, displayed a great attention to detail and gave careful thought to all aspects of the project. The entire Kitchen Unlimited team was professional and responsive - I would highly recommend them to anyone” - INA*

**RARE MOON**  
PROJECTS & INTERIOR

*At RAREMOON we believe beautiful design can be approachable and affordable!*

**RARE MOON**  
PROJECTS & INTERIOR

Today **Raremoon Projects** and Interior, is based mainly in Pretoria - Gauteng, and in Dullstroom- Mpumalanga, but we create beautiful spaces all over the country! We specialize in project management, producing luxury entertainment areas, kitchens and running projects from start to finish.

**We are very flexible and can work with a development team, or we can work independently, offering all our services to valuable clients like you!**

#### **OUR FULL SCOPE OF SERVICES:**

- Plan electrical and plumbing layouts including receptacles, switches and cable outlets
- Select plumbing fixtures and placement for prep bowls/washing machine/ice machine etc
- Design kitchen, vanities and built in cupboards
- Source décor items
- We will be on site every second week.

#### **WE WILL GIVE FEEDBACK BY TAKING PHOTOS OF:**

- Overall progress
- Electrical and plumbing receptacles at foundation level, so you know where the pipes are after construction
- Confirming waterproofing

#### **OUR SERVICES INCLUDE BUT ARE NOT LIMITED TO:**

- Architectural design
- Engineering
- Construction work
- Hard finishing
- Soft finishing
- Interior design and décor

#### **THE PROFESSIONAL TEAM**

- Madeleen from Schnitter Architects - Architecture and Design
